

LNG FACTS

AES Sparrows Point LNG proposes to bring 4 million man-hours in construction jobs, \$13 + million per year in taxes, and \$40 + million per year in spin-off business to your area, while lowering your energy costs, and cleaning the environment. Here's a related **LNG SAFETY FACT**:

LNG HAS A GREAT SAFETY RECORD

- Liquid natural gas (LNG) cannot burn or explode.
- Natural gas vapors burn slowly in open areas.
- LNG is stored in non-pressurized containers.
- All LNG containers are surrounded by multiple layers of concrete and/or steel.
- There has never been a major shipboard incident.
